LOGIC GROUNDS MANAGEMENT | CAPABILITY STATEMENT

School grounds. Expertly cared for.

Planned grounds maintenance, specialist turf care and improvement works for schools.

One partner. Every part of your grounds.

GREATER MELBOURNE

THE LOGIC GROUNDS MANAGEMENT APPROACH

One partner. A complete grounds plan.

Logic Grounds Management cares for school ovals, gardens, courtyards and shared outdoor spaces across Greater Melbourne.

A dedicated contact.
A plan for every season.

Built around your school

01 **Maintain**

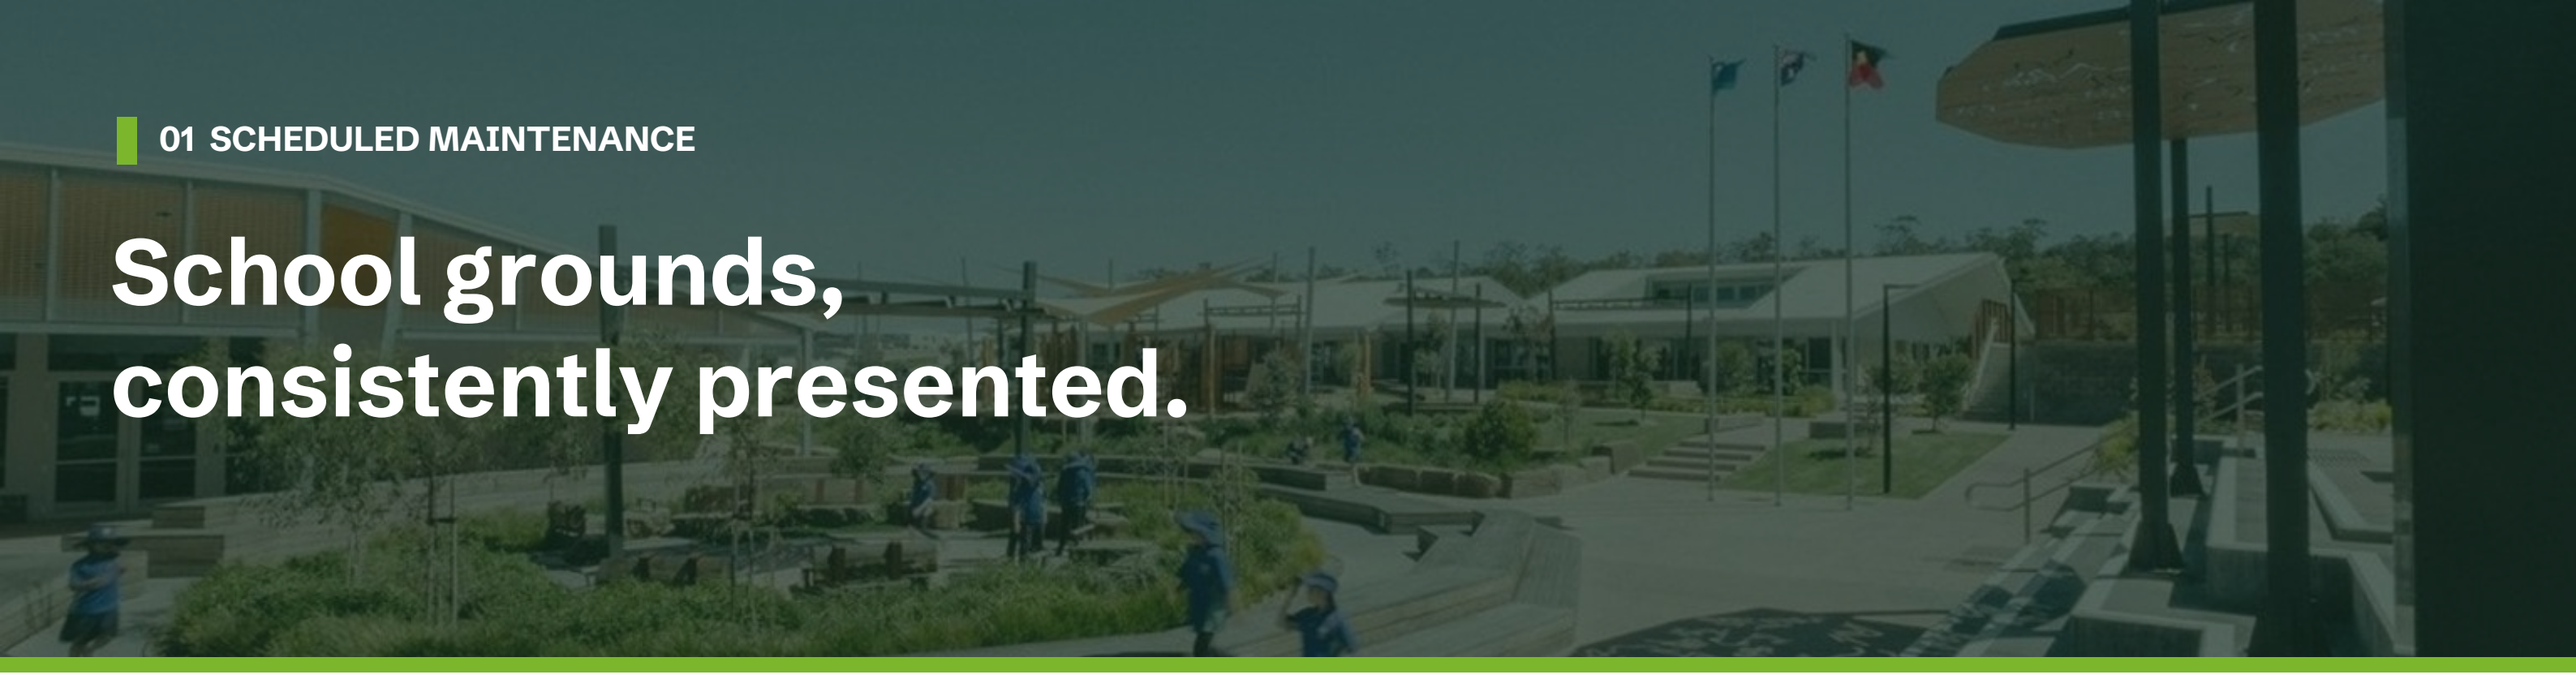

Scheduled care that keeps lawns, gardens and external areas consistently presented.

02 **Improve**

Specialist turf services that respond to surface condition, seasonal growth and school use.

03 **Deliver**

Separately scoped projects to renew play spaces, playing fields and landscapes.

01 SCHEDULED MAINTENANCE

School grounds, consistently presented.

Reliable care, planned around school life.

Lawns & gardens

Rotary and cylinder mowing, edging and trimming. Garden bed care, weed control, hedges, shrubs, light pruning and seasonal tidy-ups.

Vegetation & boundaries

Brush cutting, overgrowth and regrowth control. Fence-line and access clearance, litter collection and green waste removal.

External cleaning

Pressure washing for paths, courtyards, entrances, ramps and other suitable hard surfaces. Scheduled or one-off cleaning to an agreed scope.

Planning & reporting

Seasonal maintenance programs, agreed attendance, site inspections and quarterly reviews, supported by photos and clear communication.

Playing fields ready for school life.

Care through the seasons

Condition checks, mowing, fertilising and weed control, guided by turf type, seasonal growth and field use.

Renovation & recovery

Aeration, decompaction, scarifying and verti-cutting. Topdressing, levelling and suitable overseeding to help worn surfaces recover.

Repair & establishment

Turf patching, soil preparation and new turf laying, with watering and recovery time agreed before heavy use resumes.

Improvements beyond maintenance.

Defined scope. Clear pricing. Works planned around your school.

Play spaces

Playground bark and tanbark top-ups, redistribution and replenishment.

Sandpit top-ups, replacement, levelling and clean-up.

Turf & playing fields

New turf supply and laying, soil preparation and levelling.

Playing field renovations, surface repairs and establishment care.

Gardens & landscapes

New gardens, planting, mulching and garden refurbishment.

Low-maintenance conversions, irrigation and drainage improvements.

Additional works can include deep cleaning, site clean-ups and coordinated specialist trades.

WHY LOGIC GROUNDS MANAGEMENT

Your grounds. Our focus.

Planned around your school

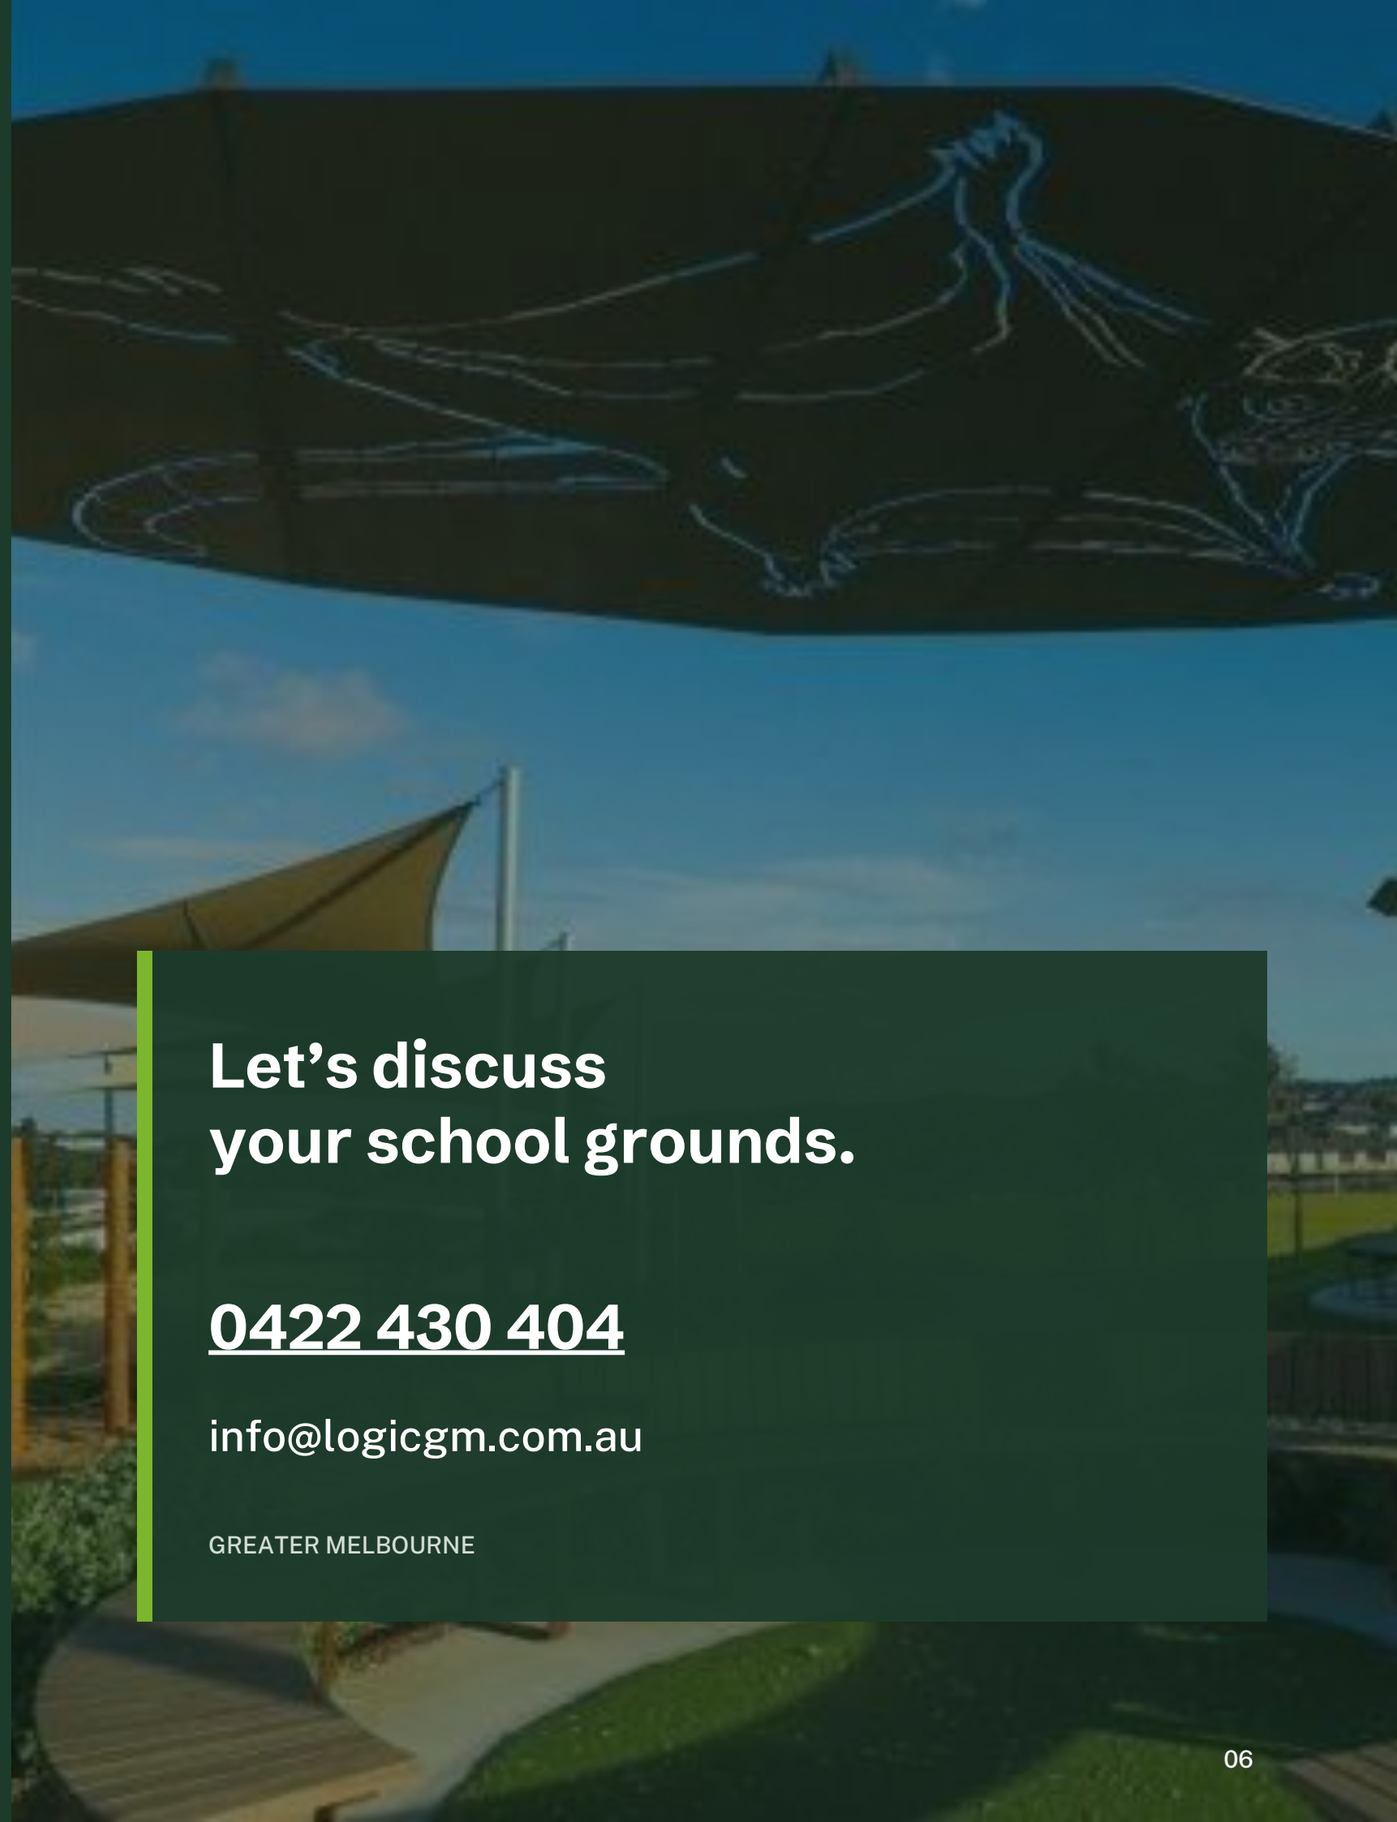

Agreed access, work areas and scheduling around school activity.

Clear and accountable

Agreed scope, straightforward pricing and photo reporting.

One point of contact

Routine care, specialist turf services and improvement works coordinated together.

Let’s discuss your school grounds.
